Care Instructions

Those who select Stuart's Furniture enjoy years of beautiful use with minimal care. Maintain the beauty of the finish by protecting it from wear, spots, spills and by keeping it clean and dust free. Dust regularly, rubbing in the direction of the wood grain with a lint-free, absorbent cloth moistened by a few drops of furniture polish to keep this furniture looking its best. Avoid exposure to strong sunlight, which causes discoloration. Lift objects carefully; avoid dragging them over the wood surface. Avoid extreme heat and cold. Do not use polish remover hair spray or perfume near the furniture as this may damage the finish. Rubber or plastic products can sometimes cause a chemical reaction, which may deteriorate the finish. Do not use products containing silicone.
