## Wood Finishes

PRICE CODE: AK

Rustic (Knotty) Alder is a relatively soft hardwood with medium density ranging in color from soft yellow-tans to light browns with reddish hues. Alder is grown in the Pacific Northwest and has a smooth grain similar to Cherry. Our Rustic Alder features split and open knots that vary in shapes, colors and sizes adding wonderful character to your heirloom furniture.

# CHERRY

## Wood Finishes

PRICE CODE: **CHY**

Cherry is a smooth-grained, reddish-brown hardwood known for its pitch marks (worm holes), mineral streaks and beautiful patina aging process. The patina/darkening process is most rapid during its first year and continues as it is exposed to light creating the richness cherry is so prized for. It is considered a medium hardwood most prevalent in the northeastern States derived from American Black Cherry fruit trees.

# RUSTIC HICKORY

## Wood Finishes

PRICE CODE: HK

Of our Rustic woods, Hickory has the most character with knots, mineral streaks, a coarse texture with a wide range of color variation from reddish brown, tan-brown to white sometimes having a striped appearance. Rustic Hickory is strong, dense, durable and the hardest wood we work with. Hickory is typically found in the Pennsylvania region.

# MAPLE

## Wood Finishes

Maple is fine textured and has a close, straight grain and is creamy white in color with a slight reddish brown tinge. It grows most prevalently in the Mid-Atlantic and Lake states. Maple takes stain and paint beautifully with bright and pleasant overall finish.

# QUARTER SAWN WHITE OAK

## Wood Finishes

PRICE CODE: QS

Quarter Sawn White Oak is named for the angle in which it is cut distinguishing it from your traditional oak furniture. The cut gives its distinguished tiger-ray grain pattern often used on mission style furniture. White Oak is a hard and strong Northeastern American wood used to build furniture that stands the test of time.

# AMERICAN WALNUT

Stuart David Home Furnishings

## Wood Finishes

PRICE CODE: WAL

American Walnut is a class of hardwood all its own completely unique to North America. Its natural color range is wide with creamy whites to light browns to dark chocolate browns and sometimes with purplish streaks throughout. This wood has both straight and curly grain patterns making it very attractive, full of character and uniquely one of a kind. It is tough and will stand the test of time.
