CONSTRUCTION FEATURES:

- All wood drawers assembled with dovetail joints for strength.
- Drawer interiors are smoothly sanded and lacquer-sealed.

- Drawers suspended with heavy duty undermount **full extension soft-close** guides allowing for effortless opening and closing.

- Tenons are a key element of construction. A board's end is cut off for insertion into a mortise. Tenons are then secured with wood pins.

- Permanent joint construction. We use a variety of joint construction methods that are time tested to ensure life long durability and strength.

- Case backs (1/4" thick) with recessed back panels.
